

## **The Annual Quality Assurance Report (AQAR) of the IQAC**

All NAAC accredited institutions will submit an annual self-reviewed progress report to NAAC, through its IQAC. The report is to detail the tangible results achieved in key areas, specifically identified by the institutional IQAC at the beginning of the academic year. The AQAR will detail the results of the 32.46perspective plan worked out by the IQAC. (*Note: The AQAR period would be the Academic Year. For example, July 1, 2012 to June 30, 2013*)

### **Criterion – VI**

## **6. Governance, Leadership and Management**

#### 6.1 State the Vision and Mission of the institution

The college monogram comprises a triangle enclosed in circle motifs of a book, a lotus and a swan, symbolizing the quest for knowledge, purity and integrity.

Vision – To create a class of intellectually morally and spiritually sound and committed citizens who will become a human resource of high calibre to cater the needs of the society and the country as a whole.

Developing an educational setup that will bring out a transformative change in the society by nurturing high moral and spiritual values in students, giving quality education in multiple disciplines, empowering the society through knowledge and quality research and fostering creativity and entrepreneurship in students and in this way making students a capable global citizen.

Mission : catering education to all, providing equal opportunity to poor and downtrodden.

The college moves ahead with the mission of developing and maintaining a human repository of knowledge, disseminating it among the students and creating new and relevant insights in diverse disciplines through state of art research. The college aims to inculcate positive human values in its

students and making them capable global citizens sensitive to human and environmental issues and at the same time quality professionals in their respective fields.

#### 6.2 Does the Institution has a management Information System

Complete management information system is not there. However, the college has computerized administrative office, admission office and cash section. The college plans to adopt complete management information system in near future.

#### 6.3 Quality improvement strategies adopted by the institution for each of the following:

##### 6.3.1 Curriculum Development

The college is a constituent unit of Patliputra University (Formerly Magadh University) and heirs to the curriculum prescribed by the university. However, an internal committee is there which is responsible to discover possibilities of meeting out the contemporary requirement of students in global perspective within the prescribed curricular constraint as far as possible. This committee acts as a watchdog to formulate principles and see whether the curriculum delivery is up to date and timely or not

##### 6.3.2 Teaching and Learning

Many of innovations in teaching in learning is practiced mainly in science faculties. Use of internet and smart classes and project based learning is encouraged. Feedbacks from teachers and HODs are periodically discussed and appropriate remedial steps are taken as and when required.

#### 6.3.3 Examination and Evaluation

Since the college is a constituent unit of Patliputra University (Formerly Magadh University) so it adheres to examination and evaluation rules prescribed by the university. However, periodical internal examinations, class tests and quizzes are regularly being organized to assess the day-to-day progress of students. A especially designed concept inventory developed by our esteemed faculties is taken help of to diagnose individual and particular weakness of students

#### 6.3.4 Research and Development

A research development and advisory committee is there to ponder and advise ways and means to promote the research activities in campus. Our college is a leading higher educational institution and one of the oldest college of Bihar which is known for quality teaching and research. However, our volume of research is not so impressive but quality of research is worth sighting and the research works of our highly qualified and acclaimed faculties and even of our research students are published in journals of moderately high impact factors.

#### 6.3.5 Library, ICT and physical infrastructure / instrumentation

Partial automation of library is there but in near future we plan to have a completely automated library, ICT and physical infrastructure.

#### 6.3.6 Human Resource Management

Decentralization of work, delegation of duties and fixing proper accountability are being followed. Constant efforts are being made to promote and upgrade the individual skills of our non-teaching employees and all non-teaching official workers.

#### 6.3.7 Faculty and Staff recruitment

Permanent recruitment of faculty and staff are made as per UGC guideline by specific recruiting bodies of the state Government and the man power allocation is then made to different universities. The university then fills up vacancies as reported from its constituent units and university departments. Hence the college is dependent on the university /state government and all recruitments and makes only contractual appointments for self-financing vocational course

#### 6.3.8 Industry Interaction / Collaboration

Not any new.

### 6.3.9 Admission of Students

By introducing online admission in a few courses the transparency has been a little bit enhanced in vocational courses application are invited through newspaper advertisements and college website, followed by written tests and interview of shortlisted candidates.

## **Criterion – VII**

### **7. Innovations and Best Practices**

7.1 Innovations introduced during this academic year which have created a positive impact on the functioning of the institution. Give details.

1. To sensitize the students about physically and mentally challenged people, NSS volunteers prepared and performed a street play called 'Jagane ka Apraadh' on 30th September, 2017.
2. Blood Donation camps
3. Public extension services like free clinical helps and tests.
4. Workshop by college faculties for popularization of science.

7.2 Provide the Action Taken Report (ATR) based on the plan of action decided upon at the beginning of the year

New college website with 10 GB memory and unlimited bandwith [www.cocaspatna.ac.in](http://www.cocaspatna.ac.in) has been created. CCTV has been installed in the campus. A three day public extension event "STRIDE 2017" was held from Dec 20 – Dec 22, 2017. Student Union Election was successfully held. College Students participated in annual sports activity of university "Tarang". Individual login id provided to studentss

7.3 Give two Best Practices of the institution (*please see the format in the NAAC Self-study Manuals*)

1. Vermicomposting and solid waste disposal
2. public extension activities (STRIDE).

**\*Provide the details in annexure (annexure need to be numbered as i, ii,iii)**

7.4 Contribution to environmental awareness / protection

1. Plantation activities and intiatives under swacchata abhiyan.
2. Students took outs rallys to promote environmental awareness amongst the public

7.5 Whether environmental audit was conducted? Yes  No

7.6 Any other relevant information the institution wishes to add. (for example SWOT Analysis)

#### STRENGTH

- Top quality human resources • Research oriented educational environment • Fostering a culture of collaborative and participatory research of the highest standard • Emphasis on industry-institute partnerships • Providing critical support for the differently-abled individuals and for socially challenged students

The college gives great importance to all round development of the students by striking a balance between academic and extra-curricular activities. For comprehensive development of the students various workshops, Quizzes, group discussions, debates, poetry writing competition and panel discussions are organized with a special focus on music, dance, dramatics and personality development programs.

WEAKNESS • Paucity of fund hampering the infrastructural development • Space crunch particularly because of the urban-centric nature of the University. As there is absence of open area for sports activities like a playground we have to compromise in those games which need this facility like cricket, hockey, badminton etc.

#### **8. Plans of institution for next year**

1. Establishing a central instrumentation facility in college premises
2. Upgradation of laboratories.
3. Procurement of E-Journals through N-list through INFLIBNET.
4. Introduction of MOOC courses by our own faculties.
5. Upgrading Sports infrastructure.
6. Enhancement of research activities, student research project, collaboration and exchange programs.
7. Complete automation of library.

**Resolutions adopted unanimously –**

1. The members recommended and resolved that the office of the principal should take a stock of the measures to improve and evolve the general academic ambience of the institution with the help of different committees assigned with varying purposes and tasks. Principal was authorized to bring forth new proposals to add and improve the existing teaching-learning mechanisms and get them approved by the IQAC in the next meeting.
2. It was resolved and recommended that annual academic audit be carried out regularly. There should be two-tier process. The college would have one Internal Academic Audit Committee (IAAC) and one External Academic Audit Committee (EAAC). After the IAAC carries out its internal assessment and audit of the academic activities at the end of an academic session, the report shall be put to the EAAC to validate it through its own mechanism of inspection, assessment and verification. The EAAC will submit the final report to the Convener of the IQAC for approval by the body and further planning.
3. It was resolved that annual Environment audit should also be carried out for the institution by an external agency or committee. One member of the Steering Committee for NAAC attending the session as a special invitee proposed that social audit of the institution may also be carried annually. It was approved by the members unanimously and it was suggested that the topic may be discussed in detail in some later meeting.
4. The members discussed about the paucity of teachers in some departments, such as the department of Zoology, because of which teaching-learning is severely hampered. It was suggested that the office of the principal may employ qualified guest teachers on contract and may arrange class-wise

payment to them as per the UGC norms drawing funds from the self financed course/s attached to the department or run by the department.

5. Need of a better and larger website for the college was discussed. The members also discussed the feasibility and usefulness of online admission process and software aided office working. It was resolved that the principal should initiate the process of inviting quotations for a new college website (design, development and reliable hosting) by putting a suitable notice on the college notice board as soon as possible so that the process can be completed by the end of the year or by early January 2018 and students can make use of it in the new year. The website must have an integrated system of online admission process for all classes along with the facilities regarding sufficient number of e-mails, large memory for upload and maintenance of different kinds of teaching materials/periodicals for the benefit of students and researchers. It was recommended that the website may also comprise several other features that may be helpful for the upkeep of college records, students'/teachers' profiles etc.
6. The IQAC unanimously approved the concept of having at least six online research journals to be published by the college with in-house editorial boards assisted by eminent experts and referees from outside. It was resolved that the journals should have proper registration and ISSN number and these should always publish standard, original and unpublished articles/research papers. Periodicity of the journals may be decided by the editorial board members accordingly.
7. It was resolved that the institution must have CCTV surveillance system in-place as soon as possible as the older installation is out of order and defunct as per the report. It was brought to the notice of the members that lack of maintenance and wire damages resulted in the crash of the previously

installed system. It was resolved that suitable number of wireless IP cameras should be installed instead of wired ones and quotations should be invited for suitable bidders as early as possible.

8. It was resolved that like previous years, the college should revive/organize the 3-day public extension event STRIDE in the month of December as previously done. It was brought to the notice of all that NAAC peer teams on both occasions (in 2009 and 2015) had highly appreciated the practice and specific mentions were made in their reports submitted with the institution. The principal proposed the dates for STRIDE 2017 as 20<sup>th</sup> of December to 22<sup>nd</sup> of December 2017 for the same and the proposal was approved.
9. It was resolved that the principal should form a committee to initiate the preparations for holding Students Union election as and when notified by the university as per the recommendations/directives of the Govt./Chancellor's office.
10. Regarding overall development of the departments' infrastructure and teaching related activities/protocols, it was resolved that the principal may invite the departments to submit their proposals and take actions accordingly as per the availability of funds and resources.
11. Members discussed about the facilities regarding sports and games in the college and recommended that the institution should motivate its students to excel in different sports/games mentioned in the University's Sports calendar. It was resolved that the college must organize annual sport event regularly. It was also resolved that the college must organize annual cultural meet.
12. Under 'Any other matter' of the agenda, a proposal to start a new 3-year degree vocational course in Pharmacy came up for consideration. It was

resolved that a proposal may be prepared for the same and submitted to the appropriate authorities.

- 13.Under 'Any other matter' of the agenda, it was resolved that the college should immediately apply for CPE status to the University Grants Commission. No effort had been made in this regard till date despite the fact that the college is accredited with Grade 'A'.
- 14.Under 'Any other matter' of the agenda, it was resolved that Annual Alumni Meet (AAM) must be organized by the institution each year to enrich its academic environment through active participation and contribution of its old students.
